**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm writing to protect the Bridge to Broadband and ensure that the broadband internet service provider marketplace remains competitive so that customer like myself are well served.

Broadband is critical to my ability to work remotely from home. I use a 1 Gigabit fiber connection provided by Sonic. Sonic is a local service provider, and they provide this service for much much cheaper than other large competitors in the area, such Comcast. In addition, Sonic provides much better customer service.

Without the Bridge to Broadband, Sonic could no compete with the large providers who gouge customers and provide frustrating service.

Sincerely,

aaron Andelman
